USB Connection

## Hand Strap Assembly

### Strap Components

### Hand Strap Holders

1. Remove plug on the back of the device.
2. Replace plug on the device with the plug on the end of the strap.

## Shoulder Strap Assembly

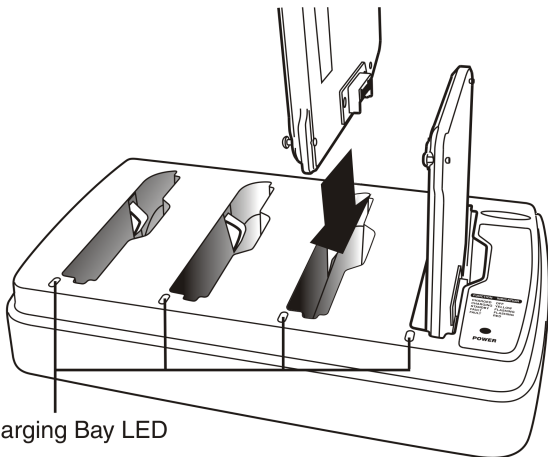

### Shoulder Strap Holders

1. Remove plug on the back of the device.
2. Replace plug on the device with the plug on the end of the strap.

### Strap Components

## Battery Charger - Extended Battery

Charging Bay LED

Power Indicator and LED Legend

Power Connector (Back)

# Marathon Desktop Dock

## Vehicle Dock - Front

## Vehicle Dock - Mounting

## Vehicle Dock - Back

Connect Power from  
Vehicle Battery

## Install SIM Card

1. Remove SIM Card Cover

2. Lift the battery using the pull strap and move it aside. Do not disconnect the battery.

3. Push the SIM card holder up (OPEN) to release the lock. Do not remove the SIM card holder.

4. Carefully lift the SIM card holder up.
5. Slide a SIM card into the slot.
6. Slide the SIM card holder down (LOCK).
7. Replace the battery in the battery well.
8. Replace the battery cover.

## Attach Extended Battery

1. Remove Extended Battery Connector Cover

2. Line up the charging pins on the extended battery with the charging pins in the extended battery connector bay.
3. Connect the extended battery using the captive screws in the extended battery.

Battery Connected

## Setting up the Marathon

Please have the following Information available before setting up your Marathon:

- Network ID (SSID) of the Access Point
  - WEP key or LEAP authentication credentials
1. Install the hand strap and/or shoulder strap.
  2. Connect the Marathon power cable.
  3. Press the Power button.
  4. Accept the Windows Licensing Agreement.
  5. Set the date and time.
  6. Set power management.
  7. Adjust speaker volume.
  8. Edit the radio parameters.
  9. Restart the Marathon.

## Bluetooth and the Marathon

Please refer to the Marathon Reference Guide for information when using the Marathon with Bluetooth.

## WWAN and the Marathon

Please refer to the Marathon Reference Guide for information when using WWAN. Use of WWAN in the US and Canada requires a hip pad or a 62Whr extended battery. Removing the hip pad or extended battery will disable the WWAN radio in the US and Canada.

## Setting Up the Radio

If the access point uses an authentication protocol (WEP, LEAP, etc.), your radio must use the same authentication. Please contact your IT department for WEP keys or LEAP credentials. Please refer to the Marathon Reference Guide for information on using WPA.

1. Tap **Start > Programs > Summit > SCU** OR tap the Summit Client Utility icon on the desktop.
2. Tap the **Admin Login** button and enter the password (default = SUMMIT).
3. Tap the **Profile** tab and make sure the Default profile is selected.
4. Select **SSID** and enter your SSID value.
5. If the access point is using WEP, select **WEP** from the Encryption pull down list.
6. Tap the **WEP keys/PSKs** button and enter the WEP Key(s) and tap **OK**. Skip to step 12.
7. If the access point is using LEAP, select **LEAP** from the EAP Type pull down list.
8. Select **WEP EAP** from the Encryption pull down list.
9. If the Cisco/CCS certified AP is configured for open authentication, set the **Auth Type** radio parameter to **Open**.
10. If the AP is configured for network EAP only, set the **Auth Type** radio parameter to **LEAP**.
11. Tap the **Credentials** button and enter the User Name and Password.
12. Tap the **Commit** button to save the radio configuration.
13. Tap the **Main** tab. Wait for a radio connected message.
14. Tap the **Admin Logout** button when finished.
15. Restart the Marathon.

Please refer to the Radio Mode parameter in the Marathon Reference Guide. It is important that this parameter setting corresponds to the Access Point to which the Marathon connects.
