

# AVerTV Hybrid NanoExpress (HC82U)

*The PC-TV masterpiece has been innovated !*

**AVerTV Hybrid NanoExpress** delivers users an extreme portability with its considerable user-friendly appearance, which can be inserted into ExpressCard slot without emerging any surface of the device. On the strength of its ergonomic design, AVerTV Hybrid NanoExpress provides users more convenience when using other USB ports of the computer. Furthermore, it offers users a marvelous portable PC-TV entertainment with diverse support of Over-The-Air Digital TV, Analog TV, and FM radio broadcasting featuring stereo sound support. Beyond that, with Unencrypted "Clear" QAM support, users can easily enjoy more Digital Cable entertainments and view your "Clear" Digital TV Cable channels in AVerMedia Application with full PVR functions.

\*\* Order Optional AVer MediaCenter remote control from AVerMedia Technologies, Inc. USA e-Store

# AVerTV Hybrid NanoExpress (HC82U)

## SOFTWARE FEATURES – AVer MediaCenter

### AVer MediaCenter

#### Your Personal Multimedia Control Center-AVer MediaCenter

#### A clean and simple way to enjoy TV from your sofa

The new 10-foot user's interface provides you a easy way to access all your PC based media via the easy-to-use remote control.

**TV** | Enjoy an easier way to watch and record TV programs, even watch multiple channels at the same time via an antenna, cable, or satellite TV signals.

Teletext overlays on the screen just like it would on your TV for convenient viewing

**Video** | It offers an intuitive way to view your video files and folders by date or by name, providing an interactive video playback experience.

**FM Radio** | Offering instant access to FM radio, allowing you to listen to live radio, record, and TimeShift whenever you want.

#### Easily customize your viewing experience

- Multiple TV Tuner Cards Support
- PIP / PAP Setting allows the viewing of multiple channels simultaneously
- Sequential Snapshot
- Customized Color Adjustment
- Media Files Management
- Complete Channel Scan Capability
- Record Videos in MPEG-1/2/4 Format

#### Expand your multimedia horizons!

**Music:** Easily access your personal digital music library, play it as background music while viewing the slideshow photos or using other functions on your computer.

**Pictures:** PC monitor is too small to share pictures with family and friends? AVer MediaCenter offers a fun new way to enjoy and share your digital photos with stylish slideshow effect.
