Partitioning your Freecom Mobile Hard Drive / Desktop Hard Drive ......page 10

© 2010 Freecom Technologies

### **General Information**

The following hardware and software requirements must be fulfilled to ensure trouble-free operation.

### **System requirements**

In order to use the Freecom Mobile Hard Drive / Desktop Hard Drive, following components are needed:

#### PC:

- Intel Pentium III / AMD Duron 900 MHz or higher
- 256 MB RAM (Vista/7: 512 MB RAM) or higher
- Available USB 3.0/2.0 port\*
- · Internet connection for online warranty registration, software updates and downloads
- Operating system: Windows XP, Windows Vista, Windows 7

#### Mac:

- PowerPC G4/G5 or Intel Mac
- 256 MB RAM or higher
- Available USB 2.0/3.0 port\*
- Internet connection for online warranty registration, software updates and downloads
- Operating system: Mac OS X v10.4 or higher

<sup>\*</sup> To achieve optimal performance from the Freecom Mobile Hard Drive / Desktop Hard Drive your computer should be equipped with an USB 3.0 port. Since USB 3.0 is backwards compatible with USB 2.0.

### **Precautionary measures**

To ensure that your Freecom Mobile Hard Drive / Desktop Hard Drive functions properly, please take note of the following precautions. If these are not followed, you may void your warranty and damage the Freecom Mobile Hard Drive / Desktop Hard Drive.

- Safely remove the Freecom Mobile Hard Drive / Desktop Hard Drive via your operating system (the "unplug or eject hardware" option in the Windowstaskbar) before disconnecting the data cable. Failing to do so may result in data loss.
- Do not drop the Freecom Mobile Hard Drive / Desktop Hard Drive or expose it to other kinds of sudden mechanical shocks as this may result in data loss and damage to the Freecom Mobile Hard Drive / Desktop Hard Drive.
- Do not use the Freecom Mobile Hard Drive / Desktop Hard Drive when the ambient temperature is below 10°C or above 35°C.
- If the Freecom Mobile Hard Drive / Desktop Hard Drive is moved from a cool environment to a warmer environment, please allow the drive to acclimatize to the ambient temperature before operating the device. Failing to do so may lead to condensation within the drive enclosure, which in turn may cause the drive to malfunction.
- Do not place liquids or drinks on the Freecom Mobile Hard Drive / Desktop Hard Drive.
   When liquids are spilled and get in contact with the electronics within the drive enclosure, it will damage the drive and will cause the drive to malfunction.
- Do not use the Freecom Mobile Hard Drive / Desktop Hard Drive in a dusty environment.
   Dust inside the enclosure may damage the internal electronics and result in drive malfunction.
- Opening the Freecom Mobile Hard Drive / Desktop Hard Drive will void the warranty.
- Since USB 3.0 is backwards compatible with USB 2.0, the Freecom Mobile Hard Drive
   / Desktop Hard Drive can be connected to all USB ports. When connected to a USB
   2.0 port, however, the performance (data transfer rate) of the Freecom Mobile Hard
   Drive / Desktop Hard Drive will be much lower than when the drive is connected to a
   USB 3.0 port.

If at any point during installing and/or configuring your Freecom Mobile Hard Drive / Desktop Hard Drive you need assistance or have questions, please contact the Freecom Support Center for your country. See www.freecom.com for details.

Freecom offers free unlimited helpdesk support.

### Freecom Mobile Hard Drive / Desktop Hard Drive

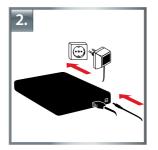

The hi-speed data transfer through the (e.g. USB, Firewire, eSATA, LAN) interface makes it ideally suitable for data-storage, file sharing, backup, archiving, audio playback and all applications that need fast file access.

For your convenience, the Freecom Mobile Hard Drive / Desktop Hard Drive has been partitioned (1 partition) and pre-formatted (FAT32 file system). The FAT32 format ensures maximum interchangeability of the Freecom Mobile Hard Drive / Desktop Hard Drive between different computers. Should you choose to format the Freecom Mobile Hard Drive / Desktop Hard Drive in another file system (e.g. NTFS), please be aware of possible problems when connecting the Freecom Mobile Hard Drive / Desktop Hard Drive to another computer than the one you used for formatting.

### **Chapter: Hardware Installation**

- 1. Connect the interface cable\* to the Freecom Mobile Hard Drive / Desktop Hard Drive.
- 2. **Optional:** Connect the cable of the power supply to the Freecom Mobile Hard Drive / Desktop Hard Drive and the power supply itself to the socket.
- 3. Connect the interface cable\* to the interface port of your computer.
- 4. **Optional:** if your device comes with a power switch, switch on the device before using it.
  - \* Please use the interface cables that come with your device (e.g. USB, eSATA, Firewire, LAN) for connecting the device to your PC/Mac.

Safely remove the Freecom Mobile Hard Drive / Desktop Hard Drive via your operating system (the "unplug or eject hardware" option in the Windows taskbar) before disconnecting the USB cable or power cable and before switching off the device. Failing to do so may result in data loss.

### **Chapter: Driver Installation**

Under Windows XP / Vista / 7 and Mac OS X a separate Freecom driver is not required. The drivers will be installed automatically by the operating system after plugging in the Freecom Mobile Hard Drive / Desktop Hard Drive into the interface port of the computer.

### **Chapter: Installation of the application software**

#### **Software installation PC**

1. Click on "Start PC.exe" in the main directory of the hard drive. The Freecom start menu opens.

2. Click on "Software Installation". The installation starts now. Follow the instructions on the screen, confirm with "Next" in order to continue with the installation.

#### **Saving Freecom data**

The user manuals and complementary software (when applicable) are pre-loaded onto the hard drive. We recommend that you save these files to your computer ("My Documents"/"Freecom"), to always have a backup of these files in case you (accidentally) reformat the drive or delete these files from the drive.

Saving these files from the external hard drive to your computer is easy:

- 1. Click on the button "Save Freecom files".
- All provided data on the Freecom hard drive will be saved to the folder "Freecom" in "My Documents".

#### Software installation Mac

1. Click on "Start MAC" in the main directory of the hard drive. The Freecom start menu opens.

2. Click on "Software Installation". The installation starts now. Follow the instructions on the screen, confirm with "Next" in order to continue with the installation.

### **Saving Freecom data**

The user manuals and complementary software (when applicable) are pre-loaded onto the hard drive. We recommend that you save these files to your computer ("Documents"/ "Freecom"), to always have a backup of these files in case you (accidentally) reformat the drive or delete these files from the drive.

Saving these files from the external hard drive to your computer is easy:

- Click on "Start MAC" in the main directory of the hard drive. The Freecom start menu opens.
- 2. Click on the button "Save Freecom files".
- 3. All provided data on the Freecom hard drive will be saved to the folder "Freecom" in "Documents".

# Chapter: Partitioning your Freecom Mobile Hard Drive / Desktop Hard Drive

#### General information

Your Freecom Mobile Hard Drive / Desktop Hard Drive was partitioned and formatted to provide you with the maximum available capacity and compatibility. FAT32 was chosen as file system to assure that you will be able to read your files on any PC. It is recommended not to change the current configuration of your Freecom Mobile Hard Drive / Desktop Hard Drive.

For some users another file system might fit better for their needs. This manual describes current limitations of most common file systems and Instructions to enable you to adapt the Freecom Mobile Hard Drive / Desktop Hard Drive to your needs.

### **File System features**

Please refer to the tables below for an overview:

File systems supported by different operating systems

| File system Operating system | FAT | FAT32 | NTFS            | HFS+ |
|------------------------------|-----|-------|-----------------|------|
| Windows XP / Vista / 7       | yes | yes   | yes             | no   |
| Mac OS X                     | yes | yes   | yes (only read) | yes  |

#### Maximum size of a partition

| File system Operating system | FAT   | FAT32        | NTFS  | HFS+  |
|------------------------------|-------|--------------|-------|-------|
| Windows XP / Vista / 7       | 4 GB* | 32 GB        | 16 TB | -     |
| Mac OS X 10.1.x              | -     | 128 GB       | -     | 2 TB  |
| Mac OS X 10.2.x              | -     | 128 GB       | -     | 8 TB  |
| Mac OS X 10.3.x              | -     | ( -> 128 GB) | -     | 16 TB |
| Mac OS X 10.4.x              | -     | ( -> 128 GB) | -     | 16 TB |
| Mac OS X 10.5.x              | -     | ( -> 128 GB) | -     | 16 TB |
| Mac OS X 10.6.x              | -     | ( -> 128 GB) | -     | 16 TB |

### Example for different partitions with different file systems on one Freecom Mobile Hard Drive / Desktop Hard Drive

| File system  Total size of Freecom HD | NTFS   | FAT32 |
|---------------------------------------|--------|-------|
| 250 GB                                | 220 GB | 30 GB |

Note: On NTFS formatted hard drives can only be written under Windows XP / Vista / 7. Under MacOSX data can only be read.

The example above is a good solution for Windows XP / Vista / 7 users who sometimes exchange data with Macs.

For storing the data under Windows XP / Vista / 7 both partitions can be used. As the NTFS file system can only be read by Mac data to be used on these operating systems must be stored on the FAT32 partition.

Please follow the steps below to adapt the Freecom Mobile Hard Drive / Desktop Hard Drive for your needs.

### Partitioning your Freecom Mobile Hard Drive / Desktop Hard Drive under Windows XP / Vista / 7

#### **Deleting a partition**

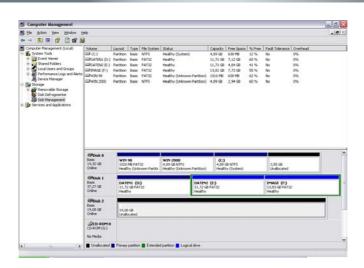

- 1. Click with the right mouse button on the "My Computer" icon on your desktop.
- 2. Select the option "Manage".
- 3. Select the option "Storage" -> "Disk Management".
- 4. Choose your external Freecom Mobile Hard Drive / Desktop Hard Drive and right-click on the partition.
- Select "Delete Partition" and confirm by clicking on "Yes". The partition will be deleted now.

#### Creating a partition

The following steps will guide you through the process of creating partitions on your Freecom Mobile Hard Drive / Desktop Hard Drive. After this procedure your Freecom Mobile Hard Drive / Desktop Hard Drive will be ready for use and it will be allocated a drive letter.

- 1. Click with the right mouse button on the "My Computer" icon on your desktop.
- 2. Select the option "Manage".
- 3. Select the option "Storage" -> "Disk Management".
- 4. Choose the hard drive, which is "unallocated". Ensure that the entire drive is "unallocated".

5. Click with the right mouse button on the "unallocated" area and select the option "New Partition". The "New Partition Wizard" opens. Click on "Next".

6. Select "Primary partition" and click on "Next".

7. Now you can adjust the size of your partition. Click on "Next" if only one partition is to be created. See next chapter (Creating two or more partitions on the Freecom Mobile Hard Drive / Desktop Hard Drive under Windows XP / Vista / 7) how to create more than one partition.

8. Assign a drive letter to your hard drive. Normally you can use the default options. Click on "Next".

9. Select the formatting option "Format this partition with the following settings". Choose either "FAT32" or "NTFS", the "Allocation unit size" should remain on "Default". Finally select "Perform a guick format" and click on "Next".

10. Click on "Finish" to complete the partitioning of your Freecom Mobile Hard Drive / Desktop Hard Drive. Your Freecom Mobile Hard Drive / Desktop Hard Drive will be formatted now and is ready-to-use afterwards.

### Creating two or more partitions on the Freecom Mobile Hard Drive / Desktop Hard Drive under Windows XP / Vista / 7

- Repeat the steps from the previous chapter (Creating a partition on the Freecom Mobile Hard Drive / Desktop Hard Drive under Windows XP / Vista / 7) for creating the first partition.
- 2. Click with the right mouse button on the "My Computer" icon on your desktop.
- 3. Select the option "Manage".
- 4. Select the option "Storage" -> "Disk Management".
- Right-click on the unallocated space of your Freecom Mobile Hard Drive / Desktop Hard Drive and select the option "New partition". The "New Partition Wizard" opens. Click on "Next".
- 6. Select "Extended partition" and click on "Next".

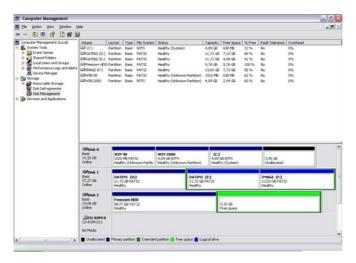

Now you can adjust the size of your partition. Enter the size and click on "Next".

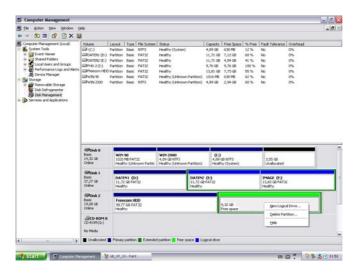

8. Click on "Finish" to create the "Extended partition". The unallocated space now changed to "Free space".

Right-click on "Free Space" and select "New Logical Drive". The "New Partition Wizard" opens. Click on "Next".

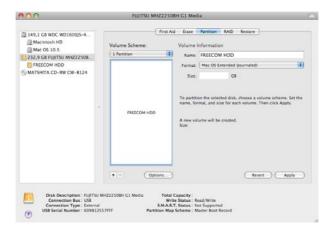

- 10. "Logical drive" is already selected. Click on "Next".
- 11. Specify the partition size and click on "Next".
- 12. Assign a drive letter and click on "Next".
- 13. Select the formatting option "Format this partition with the following settings". Choose either "FAT32" or "NTFS", the "Allocation unit size" should remain on "Default". Finally select "Perform a quick format" and click on "Next".
- 14. Click on "Finish" to complete partitioning. Your partition will be formatted now and is ready-to-use.

Note: If you select NTFS as file system, the data of your Freecom Mobile Hard Drive / Desktop Hard Drive can be read only under Mac OS X. There is no possibility to write data.

# Partitioning your Freecom Mobile Hard Drive / Desktop Hard Drive under Mac OS X

- 1. Open the "Disk Utility". This can be found in "Applications" —> "Utilities".
- 2. Click on the tab "Partition".

Here you can setup the partition settings and partition the drive according to your settings (e.g. Mac OS Extended). Detailed information how to use the Disk Utility can be found in the help:

We thank you for purchasing this Freecom product and hope you will enjoy using it. In order to avoid unnecessary inconvenience on your part, we suggest reading the quick install guide, instruction manual and any additional electronic and or printed manuals. When problems occur we have a database with Frequently Asked Questions (FAQ) on our Freecom website (www.freecom.com), please check this site before you contact the helpdesk.

### **Your Guarantee**

All Freecom products come with unlimited technical phone and web support. By this Guarantee, Freecom warrants their products to be free from defects in material and workmanship for a period listed below from the date of its original purchase. If during this period of guarantee the product proves defective due to improper materials or workmanship, Freecom will, without charge for labour or parts, at its sole discretion, repair or replace the product or its defective parts upon the terms and conditions set out below.

### **Conditions**

This guarantee will be granted only when the original invoice or sales receipt (indicating the date of purchase, product and serial number) is presented together with the defective product and a Freecom RMA number received from the Freecom Website or given by a Freecom Service Center. Freecom reserves the right to refuse the free-of-charge guarantee services when the date of purchase of the product cannot be proven. This guarantee will not apply if the RMA number is missing, the serial number on the product has been altered, removed or made illegible.

This guarantee covers only the hardware components packaged with the product. This guarantee covers none of the following: (a) any consumable supplied with the product, such as media or batteries; (b) damage to or loss of any software programs, data or removable storage media; (c) any damage resulting from adaptations, changes or adjustments, which may have been made to the product, without the prior written consent of Freecom; (d) attempted repair by any party other than authorized by Freecom and (e) accidents, lightning, water, fire or any other such cause beyond the reasonable control of Freecom.

With respect to all services provided, Freecom is not responsible for any damage to or loss of any programs, data or other information stored on any media or any part of any product serviced. Freecom is not liable for the consequence of business loss in case of system failure. Be sure to exclude all parts not covered by this guarantee prior to returning the product to Freecom. Freecom is not liable for any loss or damage to these items. If during the repair of the product the contents of the hard drive are altered, deleted or in any way modified, Freecom is not liable whatsoever.

Repair parts and replacement products will be provided on an exchange basis and will be either new, equivalent to new or reconditioned. All replaced parts and products become the property of Freecom The period of guarantee for any product or part repaired or replaced in warranty shall be the balance of the original guarantee. Repairs or replacements on product or parts out of warranty carry 6 (six) months guarantee.
